IBM CLOUD SERVICES

The screenshot displays the IBM Cloud Dashboard interface. At the top, there's a navigation bar with the IBM Cloud logo, a search bar, and links for 'Catalog', 'Manage', and 'Susmitha SR's Account'. The main content area is titled 'Dashboard' and features a 'For you' section with several service tiles. These tiles include 'Build' (Explore IBM Cloud with this selection of easy starter tutorials and services), 'Build a web app with Watson Speech to Text' (Deploy a conversational interface compatible with any application, device, or channel), 'Get Started with Watson Studio' (Get started with using AI and Cloud Object Storage in 15 minutes), 'Build a virtual machine' (Lift and shift your VMware workloads to the IBM Cloud), 'Get started with Watson Discovery' (Get up to speed on Watson Discovery with step-by-step tutorials, deep-dive videos, and complete examples of working code), and 'Build a apps' (Go from in minutes to full-scale applications with Watson scale y). Below the 'For you' section, there are three main categories: 'User access' (Manage users), 'News' (View all), and 'Planned maintenance' (View all). The 'News' section highlights 'IBM Cloud Satellite New Pricing' and 'IBM Cloud Data Shield Deprecation'. The bottom of the dashboard shows a Windows taskbar with a search bar and various application icons.
